Houston Nurse Entrepreneur Wins ‘Living Legend’ Award

HOUSTON, Sept. 17, 2003 – Vickie L. Milazzo, RN, MSN, JD, a nurse entrepreneur who invented the concept of training nurses as healthcare consultants to the legal profession, was presented with the National Nurses in Business (NNBA) ‘Living Legend Award’ on Sept. 9 at the 2003 NNBA 14th Annual Conference.

Pat Bemis, NNBA president said Milazzo earned the award because of the impact she has had in bringing nurses into the business world.

Milazzo pioneered the field of legal nurse consulting in 1982. The Vickie Milazzo Institute is the nation’s oldest and largest legal nurse consulting organization, and has trained tens of thousands of RNs from all over the United States to become Certified Legal Nurse Consultants^{CM} (CLNC^{®s})

Bemis said it is important to NNBA members that the ‘Living Legend Award’ recognizes outstanding nurses while they are living and active in their profession.
