ZIAD ALSOKARY, CRNA, ARNP, MS, MSN, CNS, CCRN, CLNC, FLORIDA

“I have never experienced such a high-class, gold-standard program like this one. Vickie offers way, way more than I could ever imagine. Many universities could take lessons from Vickie! In my opinion, the cost of the CLNC® Certification Program is a drop in the bucket compared to what I have already received ... and I'm just getting started.”

PATRICIA SELLARS FRITH, RN, MSN, PHD, CLNC, IDAHO
I was going through a divorce and had primary custody of my three children, ages 4, 6 and 8. I was depressed, sleep-deprived, stressed, short-tempered, financially upside-down and in debt. I felt like I was on a sinking ship. Convinced legal nurse consulting was my way out of debt, I decided to become a Certified Legal Nurse Consultant®. I attended Vickie Milazzo Institute’s CLNC® Certification Seminar. Vickie is incredibly motivating, energetic, upbeat and positive. She knows how to speak to a nurse’s heart. Her CLNC® Certification Program gave me the tools to become an independent business owner. Vickie is my inspiration as a keen-minded businesswoman who openly shares her secrets.

Thanks to Vickie Milazzo Institute’s CLNC® Certification Program, I own a home, provide for my children and am financially independent. My income has multiplied every year. While in transition from part-time to full-time, my consulting revenues were $85,000. The next year I hired my first employee and massively exceeded my goal of grossing $200,000. After eight years in business I exceeded $1,000,000 in revenues as a CLNC® consultant.

Vickie lives her mission, “Revolutionizing Nursing Careers One RN at a Time.” I’m a categorical example of one of those careers she revolutionized. I thank Vickie for the motivation and education to become a CLNC® success.

“Vickie’s work and her training of CLNC® consultants are unparalleled – the gold standard of the legal nurse consulting profession.”

“When I started out as a malpractice attorney, I did all the laborious work of trying to learn medicine and nursing myself. As my practice grew, I relied on medical doctors as consultants, and frankly, they aren’t very good educators.”

Turning to Vickie Milazzo as my legal nurse consultant paid big dividends. Vickie’s multifaceted consultation has been invaluable on my cases. She is both an excellent organizer and a superb educator. As you know, a hospital chart contains thousands of bits of information. Vickie teaches nurses to interpret this huge amount of complex data, explain what’s important in lay terms and clarify how it fits into the overall case analysis. She shows RNs how to turn even the most involved case into a coherent, interesting narrative that I’m able to follow and present persuasively to the jury. I’ve seen the work product of other legal nurse consultants, but Vickie’s work and her training of CLNC® consultants are unparalleled — the gold standard of the legal nurse consulting profession.

Any attorney is foolish not to take advantage of the skills and talent available from RNs like Vickie and the CLNC® consultants who have mastered her system. No one else could do what they can do to save me time and money in preparing medical-related cases. No legal assistant would be aware of the latest healthcare issues and understand how they apply to my cases.

Vickie and the Certified Legal Nurse Consultants® she has trained make me a better lawyer and play a big role in my success.

With all my best wishes for your success,

“Legal nurse consultants have earned … $150 [an hour] … Compared to what physicians usually charge, nurse consultants have become a cost-effective solution to getting cases analyzed prior to trial. Of the … [1,819,134] attorneys in practice today, 25 percent deal with medical malpractice and personal injury cases. Sheer numbers indicate the growing need for specialized legal nurse consultants.”

Testimonials from REAL NURSES

“Vickie’s CLNC® Certification Program was great, informative and certainly the beginning of my success … Every door I have knocked on has been opened. Within four months as a full-time CLNC® consultant, I billed more than $125,000. Last year, I billed $330,000.”

DARLENE BELLows, RN, CLNC, TENNESSEE

“I am amazed at how fast my CLNC® business has taken off. I took your advice and it paid off big. I have already made back my investment and then some. The CLNC® Certification Program gave me the tools to bring my dream of being an entrepreneur to fruition. You changed my life forever!”

CAROLINE BIRCHMORE, RN, MN, FNP, CLNC, SOUTH CAROLINA

“Vickie has created an industry of polished and skilled nurse entrepreneurs. I have never encountered such quality people in all my years in nursing and business. In going through the CLNC® Certification Program, Vickie held back not one iota of her experience. This course is my ‘go to’ reference for my CLNC® business.”

CAROL CAGNO, RN, CLNC, PENNSYLVANIA

“Legal nurse consulting has changed my life. It’s made me a happier person. I love nursing and I love law. I’ve combined the two, doing something that my heart’s in, and I can just be myself.”

DORENE GOLDSTEIN, RNC, BSN, CLNC, MASSACHUSETTS

“Because I live in a rural area, most of my attorney-clients are in other cities and states. I have clients who I’ve worked with for years that I have never met face-to-face. Everything is handled remotely. Even the attorney-clients I have who are within driving distance, opt to mail or email the medical records. I Skype, speak with them on the phone or email to discuss cases. There is no such thing as a typical day as a Certified Legal Nurse Consultant™, and that is exactly the way I like it!”

JANE A. HURST, RN, CLNC, OHIO

“Graduates of Vickie Milazzo Institute told me that Vickie is a dynamic teacher and speaker, and that her program is well worth the money. They were right!”
